Li Cheong, formerly interpreter in the district and circuit courts of Honolulu, died at Hongkong November 17 according to news received by official on the steamship Korea yesterday.

Li Cheong left here six years ago with his family, to make his permanent home in Hongkong. He leaves four sons and several daughters.

Dr. Victor A. Norgaard, territorial veterinarian, is threatened with contempt of court, following complaint filed in Judge Whitney's court by his wife, Mrs. Nicolina Tyson Norgaard. She asserts he has neglected to obey the court's order to pay her \$150 per month. He has been summoned to appear in court tomorrow, December 11, to explain the seeming lapse of memory.

Crushed Algaroba Feed is the best chicken feed in the market. The high percentage of protein in it makes the chickens lay more eggs, also makes them strong and healthy and cheaper by 50 per cent than any other poultry food that comes to this market. Order some and patronize home industry. \$1.00 a bag delivered. Phone 4097, Algaroba Feed Co. Ltd.—advertisement.

LOCAL KOREANS HEAR EDITOR YOUNG PARK

The Korean colony of Honolulu turned out in a body last night to hear an address which was given by Young Park, a Korean editor recently graduated from the University of Nebraska, in the mission hall of St. Andrew's Cathedral. The hall was decorated with a number of large Korean flags, and the meeting was presided over by Chillya Cheung, president of the Korean National Association.

Mr. Park had chosen no special subject for his address, but his talk was centered largely on the present conditions in Korea under the iron rule of the Japanese, and he told of plans for the future of that nation. Following his address, a Korean woman spoke briefly of the movement for the freedom of her country, and Rev. Wadman gave a short talk.

Other speakers on the platform were Lorrin Andrews, consul for the Korean National Association, and J. A. Bevan, representing the Honolulu Press Club.

ANTI-SALOON LEAGUE TO HEAR OF CALIFORNIA

The regular meeting of the Anti-Saloon League will be held next Thursday in Cooke Hall, Y. M. C. A. building. Besides the usual business, there will be a short report read which has been received from Secretary G. W. Paty, who is at present in California making an investigation and gathering data on the prohibition situation in that state.

The report will involve the campaign which is now taking place in the endeavor to secure the passing of the prohibition amendment to the constitution of the state of California, and in which campaign Mr. Paty is taking an active part.

BAND CONCERT.

The Hawaiian band will give a public concert this evening at Thomas Square at half-past seven o'clock.

March—Husaren. Brüssig Overture—Nakiris Wedding. . . Lincke Intermezzo—The Gany Glide. . . Hirsch Selection—Aida. Vedri Vocal—Hawaiian Songs. Arr. by Berger Selection—Neapolitan Songs—Godfrey Waltz—Syrrens. Waldenfel Finale—Good Kiss. Godele The Star Spangled Banner.

Sovereign People of America**

**CUBAN SUGAR
ALL NEEDED****Part Domestic Cane and Beet
Play in the Home
Market**

Under date of November 27, Willett & Gray say that the earlier beginning of grinding in Cuba this year "is to enable the grinding of as much cane in the fields as is possible during the entire harvesting season, and if the season proves favorable as to weather and labor conditions there is good reason to expect the largest crop result ever reached in Cuba, say in excess of 2,000,000 tons, all which can be used to advantage in the United States.

"Before the last of this crop is marketed the duties payable on the unmarketed part are almost certain to be largely reduced, say to possibly 64 cents per 100 lbs. instead of \$1.34, as at present, the duties on the foreign sugar being reduced to 80 cents per 100 lbs. of 96 deg. test.

"This, of course, is merely speculation based on the fact that our President-elect has clearly expressed his opinion against a very radical reduction (such as free sugar would be), and in favor of reaching absolute free duty if at all, by repeated reductions at intervals of time for adjustment of business to suit changes.

"Owing to failure of the southern cane crops this season our refiners have been forced to take out their supplies of raw sugar from Europe at full world's parity. This fact enabled Cuba also to obtain the full world's parity for the small remainder of old crop.

"The Louisiana cane crops and the western beet crops are the only ones available at the season of the year when the Cuba and Porto Rico crops are exhausted, and world prices prevail. It by any means the southern cane crops could be made to reach say 500,000 tons, the United States would become entirely free from world prices at this season of the year.

"The domestic beet crop comes into market freely on this side of the Rocky Mountains from November to February, thus covering a period up to the free receipt of new crop Cuba and Porto Rico sugars, and unquestionably reducing the cost of sugar to consumers from what it would be if the domestic beet industry were absent. At present beet refined is selling at from 20 cents to 40 cents per 100 pounds below the price at which cane refiners can supply even a very small part of the demand for consumption."

BUSINESS ITEMS

Centrifugals were still at 4.05 in New York yesterday, and refined sugar was steady.

American Can was the weakest stock on the New York stock exchange list yesterday; it and Beet Sugar falling below last week's lowest.

On November 27 the visible sugar supply, according to Willett & Gray, amounted to 1,773,148 tons, against 1,345,687 tons last year, or an increase of 427,461 tons.

Willett & Gray, under date of November 27, said the lower prices of sugar to be quoted then only applied to new crop Cubas for December and January shipments. None of the new crop had yet reached the shipping ports.

Following are the closing quotations for Hawaiian stocks on the San Francisco stock exchange yesterday: Hawaiian Sugar, 34 bid, 36 asked; Honolulu, 7 bid, 10 asked; Hutchinson, 35 bid, 16.50 asked; Kilauea, 12 bid; Onomea, 31.25 bid; Panahan, 18.25 bid; Union, 32 asked.

Orders have been received here from Formosa for 2000 tons of cane seed, needed to repair the damage done by the recent typhoon. The seed will be shipped as fast as possible by steamers of the Japanese line. There are some large sugar mills in Formosa erected by Japanese planters by the Honolulu Iron Works. An experimental shipment of cane seed to Formosa, a while ago was held up by the Japanese authorities on account of infestation with insect pests.

RECOMMENDED EVERYWHERE.

Mr. Piet A. Lys, living at Lilieliev, Frankfort District, Orange River Colony, Africa, says: "We can give evidence to the benefit of Chamberlain's Cough Remedy. We have used it several times for our children and ourselves and have found it excellent. We expect to continue using it and can recommend it to any one in the world." For sale by all dealers. Benson, Smith & Co., Ltd., agents for Hawaii.—advertisement.

At some period in his life every man expects to make a fortune raising poultry.

A girl who is so homely that she doesn't care can afford to whistle on the street.

Some men are Johnny-on-the-spot when it comes to paying a grudge, but when it comes to paying the butcher and grocer with that another story.

"54" HUDSON—a Six.

65 miles an hour. To 58 miles an hour in 30 seconds, from standing start.

**The Two New HUDSON Cars
That 48 Engineers Built**

The picked engineers from 27 European and American automobile factories combined in building the new HUDSON cars.

There are 48 experts in the organization, at the head of which is Howard E. Coffin, America's leading automobile engineer and builder of six famous cars.

Combined, these men had a hand in building more than 200,000 motor cars.

No car can be greater than its engineers planned it to be. We believe mechanical perfection is more quickly and thoroughly accomplished through combining the experience and skill of many men than is ever possible if dependence is placed entirely upon one man.

HUDSON Electric Self-Starting — Electrically Lighted**The Six**

The "54" HUDSON supplies every demand made of any automobile. In speed, get-away, safety, power, luxurious equipment, distinctive appearance and comfort.

It is not merely a "Six" made so by the addition of two cylinders to a good four-cylinder car. It is capable of a speed of 65 miles an hour with full equipment and will jump to a speed of 58 miles an hour in 30 seconds from a standing start.

Its equipment is complete in every detail, which includes an electric self-starting, electric lighting, dynamo system, and ignition system, known as the Delco, patented. Illuminated dash and extension lamp, mohair top, curtain, rain vision windshield, speedometer, clock, demountable rims, 35x4 1/2-inch tires, 127-inch wheel base, etc.

The seat cushions are 12 inches deep. Turkish type. The finest materials are used throughout. No detail of finish or equipment is skimmed or overlooked.

"54" HUDSON Models: Five-passenger Touring Car and Torpedo and Two-passenger Roadster, \$2450 each, f. o. b. Detroit. Seven-passenger Touring Car, \$1500 additional. Limousine, 7-passenger, \$3750; Coupe, 3-passenger, \$2250. Open bodies furnished with Limousine and Coupe at extra charge.

The Four

No man need be told that Howard E. Coffin leads all in building four-cylinder cars. No designer has built as many successful automobiles.

In building the HUDSON "37" all his skill and experience contributed to its perfection. But in addition there was also worked into the car the skill and experience of his 47 expert associates.

Thus was produced a car such as no one man is capable of building. It is truly a composite masterpiece.

The "37" combines all that these experts know in the art of automobile building. Its detail of comfort, beauty, distinctiveness and equipment is precisely the same as that furnished on the "Six."

The car has sufficient power for every requirement. It is quiet and free from the degree of vibration common to most automobiles.

It is a simple, accessible, durable car—the best our 48 engineers know how to build; therefore we unhesitatingly recommend it as the Master of any four-cylinder car, regardless of cost, power or make.

Models are Five-passenger Touring and Torpedo and Two-passenger Roadster at \$1875 each; Limousine, \$2250; Coupe, \$2250; f. o. b. Detroit. Open bodies with Limousine and Coupe, extra.

See the Triangle on the Radiator.
